**The Routledge Companion to Alternative and Community Media**

Chris Atton 2015-05-15  
The Routledge Companion to Alternative and Community Media provides an authoritative and comprehensive examination of the diverse forms, practices and philosophies of alternative and community media across the world. The volume offers a multiplicity of perspectives to examine the reasons why alternative and community media arise, how they develop in particular ways

and in particular places, and how they can enrich our understanding of the broader media landscape and its place in society. The 50 chapters present a range of theoretical and methodological positions, and arguments to demonstrate the dynamic, challenging and innovative thinking around the subject; locating media theory and practice within the broader concerns of democracy, citizenship, social exclusion, race, class and gender. In addition to research from the UK, the US, Canada, Europe and Australia, the Companion also includes studies from Colombia, Haiti, India, South Korea and Zimbabwe, enabling international comparisons to be made and also allowing for the problematisation of traditional - often Western - approaches to media studies. By considering media practices across a range of cultures and communities, this collection is an ideal companion to the key issues and debates within alternative and community media.

**The Use of Alternative Benchmarks in Anti-Subsidy Law**-Sophia Müller 2018-05-21 In the debate over the treatment of China in trade remedy investigations, this book focuses exclusively on anti-subsidy law. As such, it brings a long neglected and often underestimated area of international trade law to the fore. Exploring the delicate relations between the WTO, the EU and China, it focuses on the current legal framework for the use of alternative benchmarks in anti-subsidy law and analyses the consequences that arise from its practical

application in investigations against China. Scrutinizing recent developments in WTO anti-subsidy law, in particular the adoption of country-specific rules in accession protocols, the book reveals the shortcomings of the current approach and argues for fundamental reforms. Accordingly, the book provides academics and practitioners alike with vital insights into the legal evolution and practical application of alternative benchmark methodologies in the context of WTO and EU anti-subsidy law, while also putting forward a critical analysis of the status quo.

**The Alternative Austrian Economics**-John E. King 2019-12-27 For most economists, 'Austrian economics' refers to a distinct school of thought, originating with Mises and Hayek and characterised by a strong commitment to free-market liberalism. This innovative book explores an alternative Austrian tradition in economics. Demonstrating how the debate on the economics of socialism began in Austria long before the 1930s, it analyses the work and impact of many leading Austrian economists through a century of Austrian socialist economics.

**The Routledge Handbook of English Language Education in Bangladesh**-Shaila Sultana 2020-12-18 This Handbook is a comprehensive overview of English language education in Bangladesh. Presenting descriptive,

theoretical, and empirical chapters as well as case studies, this Handbook, on the one hand, provides a comprehensive view of the English language teaching and learning scenario in Bangladesh, and on the other hand comes up with suggestions for possible decolonisation and de-eliticisation of English in Bangladesh. The Handbook explores a wide range of diverse endogenous and exogenous topics, all related to English language teaching and learning in Bangladesh, and acquaints readers with different perspectives, operating from the macro to the micro levels. The theoretical frameworks used are drawn from applied linguistics, education, sociology, political science, critical geography, cultural studies, psychology, and economics. The chapters examine how much generalisability the theories have for the context of Bangladesh and how the empirical data can be interpreted through different theoretical lenses. There are six sections in the Handbook covering different dynamics of English language education practices in Bangladesh, from history, policy and practice to assessment, pedagogy and identity. It

is an invaluable reference source for students, researchers, and policy makers interested in English language, ELT, TESOL, and applied linguistics.

**International Arbitration and the COVID-19 Revolution**-Maxi Scherer 2020-11-17  
International Arbitration and the COVID-19 Revolution Edited by Maxi Scherer, Niuscha Bassiri & Mohamed S. Abdel Wahab The impact of the COVID-19 pandemic on all major economic sectors and industries has triggered profound and systemic changes in international arbitration. Moreover, the fact that entire proceedings are now being conducted remotely constitutes so significant a deviation from the norm as to warrant the designation 'revolution'. This timely book is the first to describe and analyse how the COVID-19 crisis has redefined arbitral practice, with critical appraisal from well-known practitioners of the pandemic's

effects on substantive and procedural aspects from the commencement of proceedings until the enforcement of the award. With practical guidance from a variety of perspectives – legal, practical, and sector-specific – on the conduct of international arbitration during the COVID-19 pandemic and beyond, the chapters present leading practitioners’ insights into the unprecedented and multifaceted issues that arise. They provide expert tips and challenges in such practical matters as the following: preventing and resolving disputes of particular types – construction, energy, aviation, technology, media and telecommunication, finance and insurance; arbitrator appointments; issues of planning, preparation and sample procedural orders; witness preparation and cross-examination; e-signature of arbitral awards; setting aside and enforcement proceedings; and third-party funding. Also included are an empirical survey of users’ views and an overview of how the COVID-19 revolution has affected the arbitration rules of leading arbitral seats. With this timely and practical

book, arbitration practitioners and scholars will gain up-to-date knowledge of sector-specific challenges brought about by the COVID-19 pandemic and approach arbitration proceedings with an understanding of the most important legal and practical considerations during the crisis and beyond.
